We are replacing the existing Exit lighting in the Synagogue with long life energy efficient LED light fixtures. We are also starting with full automation of our building to help save energy and reduce operating costs. Each new LED Exit light fixture or automation control will light us for years as we gather in our Shul. With the purchase of each light or control the name you have dedicated, to be either memorialized or honoured, will be added to the new L'hadlik plaque in the Synagogue.

The donation for a light or a control is \$118.00, including installation.

Dedications must be in one of the 3 formats sampled below:

John Doe John and Mary Doe The Doe Family

Multiple names, beyond what are sampled above, will require additional lights for recognition.

PLEASE COMPLETE A SEPARATE FORM FOR EACH LIGHT YOU ARE DEDICATING

Please complete one of the sections below for each light fixture you are dedicating:

'In Memory of':

'In Honour of':

Thank you for helping the light to continue to shine in our Shul for many years to come.

Please return this form along with your payment to The Pride of Israel office. Each donation is eligible for a tax receipt.
